Please execute these scripts in your database, so that you can use them when you are practicing the Trigger concepts as explained in the Lectures.

```
CREATE TABLE AUDIT_TABLE
  (     TABLE_NAME VARCHAR2(100),
        USERID VARCHAR2(100),
        OPERATION_DATE DATE,
        OPERATION VARCHAR2(100)
  );

CREATE TABLE AUDIT_LOG
  (     USERID VARCHAR2(100),
        OPERATION_DATE DATE,
        B_CUSTOMERID NUMBER,
        A_CUSTOMERID NUMBER,
        B_FIRSTNAME VARCHAR2(100),
        A_FIRSTNAME VARCHAR2(100)
  );
```
